NCBS

The National Centre for Biological Sciences (NCBS), located in Bangalore, is part of the Tata Institute of Fundamental Research. The mandate of NCBS is fundamental research in the frontier areas of biology. Our research interests range from the study of single molecules to ecology and evolution. In addition, we engage in a number of collaborative initiatives, such as inStem and iBio. We also help to develop cutting edge instrumentation and software via C-CAMP.

The VIth Bangalore Microscopy Course is organized at the National Centre for Biological Sciences (NCBS), Bangalore, India. Taught by world leaders in biological microscopy, this course provides didactic and hands on training in state-of-the-art optical microscopy technique.

DSS

DSS is driven by the mantra "Inspired By Technology". DSS Imagetech has made a constant endeavour to provide cutting edge technology solutions to researchers and clinicians in various fields of Life Sciences.

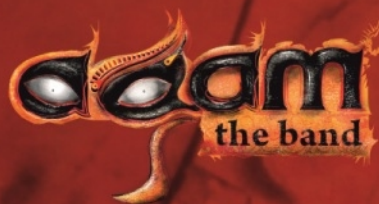

Apart from Microscopy, we are today equally well known for the expertise in Imaging, Genomics, Proteomics and Molecular Diagnostics and the product basket includes instruments, consumables and training services. In addition to the business of biotechnology, DSS actively supports the cause of jazz in India.

Agam is a multiple award winning contemporary carnatic progressive rock band from

Bangalore. The band members pursue their musical passion alongside their careers in the IT industry. They have been managing their delicate balancing act as a team for a few years now since their inception in 2004.

They have performed over 200 live concerts across the country. They have performed in different music festivals in the country like 'The Great Indian October Fest (Kingfisher)', NH7 Weekender, The Storm festival, The Mojo Rising festival to name a few. In addition to this, they are regulars at Hard Rock Cafes and other prominent pubs/bars in South India.

In November 2013, the band performed at Esplanade Theatres, Singapore as a part of Kalaa Utsavam which is an Indian Festival of Arts that presents an array of classical to contemporary arts performances during the festive season of Deepavali.

SEEN & HEARD

Featured producer, Coke Studio @ MTV - Agam was featured as a solo producer in Coke Studio Season 2.

Best collaboration award with Shreya Ghoshal - Agam won the Bite My Music Global awards—the largest independent music awards of South Asia—for best collaboration with Shreya Ghoshal and for Best Instrumental (for Brahma's Dance). In October 2010, Agam partnered with Shreya Ghoshal to produce a album "Live Again" and do their small bit to spread awareness on breast cancer and support the victims. Agam is proudly associated with the Cancer Patients Aid Association (CPAA) <http://www.cpaaindia.org/> to raise funds for supporting and rehabilitating cancer patients.

Agam was chosen as the best band in South India by none other than Oscar Award winning Indian musician AR Rahman.

They released their debut album - 'The inner self awakens' in 2012 which sold over 4000 copies on both online and offline channels. They also topped the independent album charts on Flipkart.
