WORKSHOP ON WHOLE GENOME SEQUENCE ANALYSIS

IBAB

Institute of Bioinformatics and
Applied Biotechnology

Accelerator program for Discovery in Brain disorders using Stem cells (ADBS) and Institute of Bioinformatics and Applied Biotechnology (IBAB) organizes a 3-day, all expenses paid, workshop on Whole Genome Sequence analysis. The main focus of the workshop will be on variant calling and analyses of somatic and germline mutations. De-novo Whole Genome Assembly will also be covered.

Date: December 5th- 7th, 2018

Venue: Safeda, NCBS, Bangalore

Eligibility criteria: The training program is primarily targeted to post-doctoral fellows, Ph. D students, SRFs and JRFs involved in relevant research.

Selection procedure: Selection is based on qualification, prior experience, and a statement on the requirement of expertise from this training program for ongoing research and future prospects.

How to apply: Please apply via the Google form at the link below
https://docs.google.com/forms/d/17W4Rh2gXjIpNchu7E_sgidyphjNluGrrbpf7aWrRFGQ/edit

Deadline for the receipt of complete application is 20th November, 2018.
