

WORKSHOP ON GENOME/ TRANSCRIPTOME SEQUENCE ANALYSIS

IBAB
Institute of Bioinformatics and
Applied Biotechnology

Accelerator program for Discovery in Brain disorders using Stem cells (ADBS) and Institute of Bioinformatics and Applied Biotechnology (IBAB) organizes a 3-day, all expenses paid, workshop on Genome/Transcriptome Sequence analysis. The main focus of the workshop will be on variant calling, population genomics and differential gene expression analysis.

Date: November 13th- 15th, 2019
Venue: Raspuri, NCBS, Bangalore

Eligibility criteria: The training program is primarily targeted to post-doctoral fellows, Ph.D students, SRFs and JRFs who wish to employ genetic variants and/or differential transcriptome to understand human diseases.

How to apply: Please apply via the Google form at the link below
<http://bit.ly/adbsibab2019>

Deadline for the receipt of complete application is 18th October, 2019.
