

26 – 30 July 2021

Online Workshop On Basic Bio-Methodology Of Laboratory Mice And Rats: Handling, Restraining, Identification methods, Injections, Blood Sampling, Anesthesia/Analgesia and Euthanasia

Summary

CPCSEA/IAEC Regulatory Guidelines & Animal Ethics
Biology and Husbandry Of Laboratory Mice And Rats
Health Monitoring/Surveillance Of Mice And Rat Colony
Sterilization and Disinfection Of Animal Care Facilities
Anesthesia, Analgesia & Perioperative Care
Biosafety And Occupational Hazards
Animal Importing And Quarantining Policies
Genetic Monitoring Program
Brief Introduction to Mouse Genomic Engineering

For Enquiries Contact

Dr. Latha Chukki – acrcinfo@ncbs.res.in

[For Registration](#)

Registration

Registration Fee includes
– Participation Certificate (Soft copy)
– Laboratory Manual (Soft copy. pdf)

Registration Fees – Rs. 500

Important Date

Last date for registration is **18th July 2021**
